

LAUNCH REPORT

THREE OAKS 3.28.09

The launch was shortened from a weekend to Saturday and that was a good decision. Sunday was not pleasant weather. Saturday was not as good as the last two launches but better than expected. One major problem.....small turn out. Apparently many decided not to show based on gloomy forecasts and spring breaks are going on as well. It was pleasant with the variable winds from 3-4 up to 10 mph. Sky was fairly bright with thin clouds until we packed up around 3:00 due to lack of flyers.

Some members picked up their clothing orders and some of the inventory was sold also. There was one member renewal. Field conditions were better than the last two launches with much less water. There were 8 flyers with 24 flights and 33 motors used.

MOTORS USED

| 1/2A | A | B | C | D | E | F | G | H | I | J | K | L | M | N |
|------|---|---|----|---|---|---|---|---|---|---|---|---|---|---|
| 0 | 0 | 6 | 19 | 1 | 5 | 0 | 2 | 0 | 0 | 0 | 0 | 0 | 0 | 0 |

Next launch is the Michiana Rocketry and Team-1 Combined Launch April 18 & 19

Fair winds and clear skies.....Wayne Dennis

Wayne Dennis and Larry Koskie. Note the great looking hats and sweat shirt.

Longtime member Mike Fisher and family.

Big Daddy by Michael Adams with an E 9.

Explorer by Cliff Skorupa with a C 11.

Bertha 7 by Dennis Maybry with a cluster of 6 C 6s.

Blue by Trysten Frizzell with a C 6.

Storm Chaser by Michael Adams with an E 9.

C C Rider by Dennis Mabry powered by 2 C 6s.

Pop Fly Estes kit by Zachary Fisher powered with a B4. A ball sits on the bat shaped rocket and free falls after apogee and the "bat" has a streamer.

SFX 73 by Larry Koskie with an Ellis G 35. The flight problems didn't damage the rocket and it flew successfully later.
